Now let's move over to the more practical stuff.

During summer this is an **unmanned apartment**. That means that there is no one to clean and do laundry between stays. Therefore, we need some help from **you** to make everyone's stay more pleasant. 😊

There may have been people staying in the apartment before you. Have followed the instructions, there should be towels and bed covers on the drying rack in the bathroom. When these are dry, please fold them and put them in the cabinet in the corridor (sheets and covers), or on the shelf in the bathroom (towels and cloths). Towels and cloths for the kitchen is going in a kitchen drawer.

Before check-out

Please remove the covers and sheet from the bed and put it in the washing machine together with dirty towels and cloths. If you do this early, you will have time to hang them on the dryer rack before you leave.

Mop/clean the floors and surfaces. Empty the fridge and clean the bathroom and kitchen so that it is pleasant for the next visitors to arrive.

Make sure to gather all your belongings and leave the place as you would want it to be at arrival.

There should be necessities as toilet paper, soaps, etc. when you arrive. If you use all of it. Please get some more at the store so that it is not empty when you leave.

Sheets and covers for the bed

You will find sheets and covers for the bed in the cabinet in the corridor. There should already be a mattress-protector on the bed, just let it be and put a fresh sheet on top. The pillow and duvet should already be on the bed, put set of clean covers on them.

When you finish your stay, before you leave, please take off the covers and sheet, and put it in the laundry machine in the bathroom together with the used towels and cloths. Start a washing program so that the people coming after you gets clean towels and sheets. please hang them to dry also 😊

Towels and cloths

You will find towels and cloths in the bathroom. Use what you need, but please leave some clean ones for the people coming after you.

Please put used towels and cloths in the laundry machine together with the sheets and covers and start a washing program before you leave. If you have time, please hang them to dry also 😊

The garden, patio and grill area

You are welcome to use the garden to relax, eat and enjoy life. But please treat it with the care and respect you would want others to do with your own property.

There is a gas grill in the outdoor kitchen area. Feel free to use it, but we appreciate if you clean it afterwards.

Don't leave food unattended outside, the seagulls love it if you do.

You get to the garden through the flower portal to the right when you exit the apartment.
